MountaintopSchool

Reverence for the rhythms and mysteries of the natural world are the ideal curriculum for the young child.

Mountaintop is a mixed age kindergarten and is an extension of the family experience.

We provide a warm, calm, secure aesthetic environment in which the imagination and creativity of your child will flourish. We support your children's growth by working in meaningful activities such as baking bread, gardening, sewing and painting.

Imaginations are nourished by the telling of stories, puppet plays, singing and free play. In contrast to pushing early academics, we recognize that reading must be grounded in a rich field of oral learning. We lay the foundations for strong literacy through storytelling, singing and movement games.

Mountaintop School

offers an alternative for those in the Woodstock area who are looking into a more holistic education for their young children, taught by a certified Waldorf Early Childhood Educator.

Our mixed age kindergarten and pre-school is for children 2-1/2 to 6 years of age. We also offer a Parent/Child Program one morning a week for children 18 months to 3 years of age accompanied by a parent or caregiver.

The location in Saugerties, New York with large gardens, play space and surrounding forests, creates a homelike atmosphere for the small child to make a gentle transition from life at home to the upcoming grade school years.

Parents are encouraged to provide vital support through various volunteer opportunities. When parents offer their time and talents to the school, they are creating community life for their children and families.

As a community, we all take part in seasonal festivals throughout the year.

Prospective parents are encouraged to contact us for school information and application materials. When the application has been received, you and your child will be invited to an admissions interview.
